COMMUNITY NEED ADDRESSED #3: PHYSICAL HEALTH

Table 3. Strategies and Strategy Measures for Addressing Physical Health

Strategy	Population Served	Outcome/Measure
1. Enhance access to primary care services through provider recruitment	Broader Community	Increased physician coverage of primary care services in Valdez (Current state 3 providers, Target 4-5 providers)
2. Establish educational and support groups to help community members manage chronic disease, minimize traumatic injuries, and promote health	Broader Community, Individuals with Chronic Conditions	• Participation in community health and wellness fairs • Provide community education focused on pertinent topics (1 per quarter)
3. Promote preventative care across the spectrum of health	Broader Community	Increased access to preventative care (e.g., endoscopy)

Resource Commitment

Providence has committed funding, staffing, and equipment as needed to support the Community Health Improvement Plan.
